

Noted Data Issues

Edit Failures:

- L199 Correct Coding Some failures were noted in the test data primarily related to laboratory codes.
- L001.1 Procedure Code is Missing Some failures were noted in the test data primarily related to revenue code 272.
- L040.1 Revenue Code/HCPSC Invalid Some failures were noted in the test data primarily associated to revenue codes 272, 300 and 636.

Other Items of Note:

- Make sure that appropriate HCPCS codes are selected for each detailed line and that all services are detailed.
- Make sure that appropriate units are indicated on the claim. Blank unit values will no longer default to 1, and the use of appropriate units directly impacts the correct valuation of claims.
